**Subject:** Vermont Medical Marijuana Program Data Inquiry

Good Afternoon!

My name is Cesar Gallegos and I am a graduate student at San Francisco State University. I am working on an Econ project about Medical Marijuana programs across the United States and was hoping to get some data from you.

Would it be possible to get some information regarding Vermont's Medical Marijuana Program—specifically the total amount of medical cannabis card applications Vermont received in 2021 and the amount of those applications that were approved?

Thanks in advance for all your help! Please let me know if there is someone else that I should be reaching out to with this inquiry so that I may get in contact with them.

Have a great rest of your day!

Cesar Gallegos
