Subject: Public records request response

Dear Mr. Merrick,

Attached please find records responsive to your April 11, 2022 records request. This document includes the names of approved pre-qualification applicants for cannabis establishment licenses.

Our pre-qualification approval process does not require applicants to state their addresses. Prequalification approval serves to indicate whether applicants meet certain basic requirements for obtaining a license ([as described in Section 1.13.5 of Board Rule 1](#)) but does not require all the information that is necessary for licensure.

For that reason, we do not have records responsive to your request for the addresses of approved prequalification applicants.

Nothing in this letter should be construed as a waiver of any privileges or protections over the records of the Cannabis Control Board. If you believe any records have been withheld in error, you may appeal this determination pursuant to 1 V.S.A. § 318. Please submit appeals to me, the Cannabis Control Board's Public Records Officer, at david.scherr@vermont.gov.

Respectfully ,

David Scherr

General Counsel
