Please describe the records you are requesting and provide as much specificity as possible, including applicable date ranges.

Good afternoon,

I am looking for contact information for any business that has been licensed for recreational sales in Vermont. I am with a company that supplies compostable, ecofriendly packaging for cannabis dispensaries and I want to reach out to them and give them information related to our business and the products we represent.

Hello Mr. Winslow,

The Cannabis Control Board received your request for information regarding “contact information for any business that has been licensed for recreational sales in Vermont.”

We have no records responsive to your request because the Cannabis Control Board is not yet authorized to license any cannabis business for recreational sales. In accordance [with Section 8 of Act 164 \(2021\)](#), the Board may not issue licenses to “integrated licensees”, who are permitted to do recreational sales, until on or after May 1, 2022. The Board may not issue licenses to general retailers until October 1, 2022.

Please don’t hesitate to reach out with any questions.

Respectfully,

David Scherr

General Counsel, Vermont Cannabis Control Board
