Subject: Cannabis Control Board Public Records Request

Dear Ms. Lawlor,

Our prequalification approval process does not collect information about a prequalification applicant's potential business location. The prequalification approval process indicates whether applicants meet certain basic requirements for obtaining a license ([as described in Section 1.13.5 of Board Rule 1](#)) but does not require all the information that is necessary for licensure.

For that reason, we do not have records responsive to your request for the "number of pre applications for cannabis dispensaries in Windsor county."

If you believe any records have been withheld in error, you may appeal this determination to the chair of the Cannabis Control Board pursuant to 1 V.S.A. § 318. Please submit appeals to me, the Cannabis Control Board's Public Records Officer, at david.scherr@vermont.gov.

Respectfully,

David Scherr

General Counsel, Vermont Cannabis Control Board
