Subject: Public Records Request - Medical Marijuana Dispensary Sales

Dear Public Records Officer:

Under the Vermont Public Records Law, §315 et seq., I am requesting an opportunity to obtain a copy (preferably in excel/spreadsheet format) of Medical Marijuana Dispensary Sales broken down by month from January 2016 to current day. If available, we would like the data set to include the product type of the sales breakdown as well, including things like Flower, Edibles, Concentrates, etc.

If there are any fees for searching or copying these records, please inform me of the cost.

The law requires a response to this request within 2 days, or within 10 days for extraordinary circumstances. If you expect a significant delay in fulfilling this request, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Shea Sanford

Hello Mr. Sanford,

You recently requested records related to “Medical Marijuana Dispensary Sales broken down by month from January 2016 to current day.”

The Cannabis Control Board and the Medical Cannabis Program administrators do not routinely collect sales information and do not have records that are responsive to your request. Medical Cannabis Program administrators have occasionally audited the medical cannabis dispensaries and therefore have a small amount of intermittent sales information. Let me know if you would like this information.

Respectfully,

David Scherr

General Counsel, Vermont Cannabis Control Board
