Hi there,

I hope this email finds you well. My name is Courtney and I am with RiskScout, a third party compliance workflow vendor serving financial institutions.

As my company expands in helping financial institutions with state-level compliance and due diligence for cannabis businesses, we are reaching out to states to locate appropriate violations lists or resources regarding enforcement actions given to marijuana establishments in your state. You can see an example of what I am referring to here: <https://www.michigan.gov/mra/final-orders>

If I could get some information if this kind of information exists for the state of Vermont and where to locate it, that would be extremely helpful. Thank you!

Best,

Hello Ms. Cromer,

Attached please find a file responsive to your request for enforcement actions taken regarding cannabis establishments in Vermont. These only pertain to the medical cannabis dispensaries because there have been no enforcement actions taken against the adult-use cannabis establishments at this time—the first adult-use licenses have only recently been issued in Vermont.

Some information in the attached file has been redacted pursuant to 7 V.S.A. § 973(b)(1)(B) and 1 V.S.A. § 317(c)(1).

Respectfully,

David
