Subject: Webform submission from: Public Records Request Form

Name

Mike Decarreau

Please describe the records you are requesting and provide as much specificity as possible, including applicable date ranges.

I am looking for :

- 1) Cannabis Sales records by Dispensary by product type (edibles,Vapes, pre-rolls) by month since October 1
- 2) Initial CCB estimates for each of these and current outlook with the date of update.

I expected to see this posted on a website or in a link as this seems to be fairly basic. If this is available online please direct me to the link. Thank you.

Declaration (Required)

Subject: FW: VPRA Request

Good Afternoon Mike DeCarreau,

The CCB does not collect specific sales data for each retailer. That data collection while a government function, is not the function of this Vermont agency.

Please accept this response, as it is also responsive to your Feb. 7, 2023 VPRA request.

- 1.) Taken from the CCB FAQs Page – <https://ccb.vermont.gov/FAQ>

Does the Cannabis Control Board track or report data regarding cannabis sales?

It is not the CCB's practice to collect sales data from retail cannabis establishments. Neither the CCB's rules nor the statute governing the Board require collection or reporting of sales data. However, through our inventory tracking system, we will be tracking data related to the movement of product. By early 2023 we will begin publishing aggregated data on cannabis and cannabis product sales through our data analytics vendor.

The VT Department of Taxes requires reporting on sales of cannabis and cannabis products annually with the cannabis establishment's filing of their sales tax return. When filing a sales tax return, cannabis establishments will be required to report cannabis and cannabis product sales separately from other taxable items (like merchandise) due to the earmark on revenues for purposes of education and substance misuse prevention. See the VT Department of Taxes guidance for more information here:

<https://tax.vermont.gov/sites/tax/files/documents/GB-1313.pdf>

- 2.) Attached is a market analysis, also posted on the CCB website. <https://ccb.vermont.gov/reports>

This report presents the projected demand models for cannabis and its derivative products in Vermont.

The underlying VPRA request was received on Saturday, January 28, 2023.
