Please describe the records you are requesting and provide as much specificity as possible, including applicable date ranges.

I am requesting any and all documentation provided by Vermont Patients Alliance in their application for an integrated license on who controls, is an owner, or a principal, as defined by 7 V.S.A. paragraph 861, of their parent company, Curaleaf.

Fred,

I'm so sorry. We should have had an answer out to you by now. I mistakenly marked this one off my list when we had yet to share what we gathered.

Your request was:

Each of the thirteen listed principals also was required to supply details, to include date of birth, social security number, role with the establishment, and prior administrative, civil, and criminal actions.

Don't hesitate to call if you have questions.

Thanks,

Gabe

Hi Gabriel,

thank you! It would be good to have the additional information on the listed principals, minus required redactions. I think it would be especially interesting to see their role with the establishment and prior administrative, civil and criminal actions.

Best

Fred

Fred,

Thanks again for your patience. In follow-up to your request last week, please find below screenshots of

- (1) instructions about principal disclosure, and
- (2) a table of principals very similar to the one I sent last week, but now including the role of each individual.

Each individual makes sub-disclosures concerning prior civil , administrative, and criminal actions as well as the states in which he or she did business in the past seven years. To avoid having to charge for laborious redactions, I've not made screenshots of relevant pages, but instead have pasted response text from each field in which there was an affirmative response. Category labels are mine; the text following each colon is verbatim.

I hope these details are helpful to you. Don't hesitate to call if you have questions.

Thanks,

Gabe
