Good Afternoon, Karen.

As of July 19, 2023, there are 3275.

Thank you,

Olga

Subject: medical cannabis enrollment?

Good afternoon,

The non-profit where I work periodically compiles and publishes information on patient enrollment in state medical cannabis programs. I haven't been able to find figures on Vermont's enrollment on your website.

Could you please send me the current number of patients enrolled, or direct me to where we might find it online?

Thanks so much!
