Dear Mr. Ventrano,

Attached, please find a .pdf file containing records responsive to your request for the application by Parker Hill Cannabis LLC to the Vermont Cannabis Control Board. I regret that an error with our document handling software slowed our reply.

You will observe black boxes redacting information reflecting precise profits, losses, liabilities, trade practices, and security details. The basis for redacting this information is 7 V.S.A. § 901a(c)(1) (deeming confidential "records related to licensee security, safety, transportation, or trade secrets, including information provided in an operating plan") and 1 V.S.A. § 317(c)(33) (exempting account numbers).

State law requires that I inform you that I am the person who concluded that the details in question should be redacted and that you have a right to appeal that decision to Executive Director Brynn Hare (brynn.hare@vermont.gov).

Thanks for your patience, and please do not hesitate to call if you have questions.

Best,

Gabe

Mr. Ventrano,

Thanks for your question. Public access to application records is restricted significantly by 7 V.S.A. § 901a, a copy of which is attached. Consequently, a request for an application will yield heavily redacted output that tends to reveal little more than details about fire-safety compliance, water use, and other somewhat peripheral details.

Thanks,

Gabe

Are applications to the Cannabis Control Board, to cultivate cannabis, available to the public?

I would greatly appreciate a response at your earliest opportunity.

Thank you very much.
